# WAS IT DONE BY DYNAMITE?

anta Fe Officials Have a New Theory as to the Cause of the Peterton Wreck.

Topeka, Kas., Oct. 6 .- (Special.) A rumor s current here to-night that the Santa Fe officials believe the Peterton wreck was caused by dynamiters and have sent experts down to the scene of the wreck to make an examination. Asked about the matter, Claim Agent Foulks, of the Santa

"I had heard an examination of the en gine and track would be made, but do not know much about it. You had better see General Manager Frey."
"I was down there." continued Mr.

Foulks, when asked his personal theory of the wreck," within an hour after the accident occurred, and made a careful examination of the engine and track. I found the boller had not exploded at all. The end of the firebox was knocked out, but that might have occurred as the engine struck the ground. Another significant fact is that there is a large hole in the track where the engine left the track. When steam explodes, so scientists say, its force goes outward and upward. Heavy explosives, such as dynamite, spend their force downward. While I am not exactly pre-pared to give it as my theory that the wreck was caused by dynamite, yet I am unable in my own mind to account for it on the theory of an explosion of the en-gine. I am certain the boiler did not explode, and while I am no mechanic I do not see how the firebox could explode. The engine was said to be one of the best on the road."

on the road.

When General Manager Frey was questioned by the Journal correspondent he was quite reticent. He admitted he had sent a man down to Peterton this afternoon to make an examination, but did not like to be questioned on his theory of the wreck.
"I have not thoroughly made up my mind about it yet," he said, "and probably will not for several days.

Mr. F. C. Gay, general freight agent of the Santa Fe, was in the city yesterday. On receiving the dispatch from Topeka announcing that certain Santa Fe officials were of the impression that the Peterton wreck was caused by dynamite placed on the track with malicious intent, Mr. Gay was asked for his opinion of the cause of was asked for his opinion of the cause of the wreck. He stated that he was on the ill-fated train and hence made an early examination of the wreck. "I do not think it was dynamite," he said, "but simply the hoiler exploded, and that was enough. On approaching the spot from the rear of the train I gained the impression that it was dynamite, but on looking at the boiler it was plain to my mind that a defect in the boiler had caused the trouble. Evidently the rear end of the boiler was thrown up by the boiler giving way under the firebox, and this threw the front end down, making the four-foot hole in the ground, and then the boiler bounded twice again, making three indentations in the ground, which, on the dynamite theory, would call for three applications of dynamite. Then, mud was thrown on the fence the wreck. He stated that he was on the mite. Then, mud was thrown on the fence and seemed to have come from the boiler. This may have settled in the boiler, keep-ing the water away from the iron immedi-

men who will be able to tell to a reasonable certainty the cause. The engine was only two years old, and better things should have been expected of it, but these accidents sometimes happen, you know."

The engine had been recently rebuilt for special service on the fast trains and every man to the shops from which it was turned out is willing to swear it was perfect machine and had no flaw that would cause such an accident. It was similar to the other engines that have long been used on the road with perfect safety and entire the road with perfect safety and entire satisfaction. The machine was in the hands of an experienced engineer and the theory of explosion is derided by many who are familiar with steam machinery.

ately over the firebox, and the metal be-came warm and weak, thus making an ex-plosion an easy matter. This is the way it occurred to me, but, of course, we have men who will be able to tell to a reasonable

#### CUBAN PRISONERS DROWNED Taken Out to Sea in Boats and Thrown Overboard Where Sharks

Will Devour the Bodies. Key West, Fla., Oct. 6.-Butcheries on ar wful scale are being perpetrated nightly n Havana, according to a letter received here from one of the most reliable corre spondents in the Cuban capital. Every sight at police headquarters prisoners are taken out and placed on the books as re three policemen, are placed in a boat and start off. They don't land anywhere, but after a while the officers come back with-out the prisoners. This action has been watched night after night. From September 1 to 30 eighty-three prisoners have dis

appeared in this way. Five were drowned on the night of September 26. From the Cabanas and Moro castle, prisoners are taken out and drowned in the same way. The reason they are taken out of the harbor is on account of the number of sharks, which get hold of the bodies and leave no trace

La Barrera has five men under arrest on suspicion of putting a dynamite bomb under a gas main. They are kept at the po-lice station and tortured to make them confess. Their torture consists of feeding confess. Their torture consists of feeding them with dry codfish and not allowing them any water. No other food is allow and they die of starvation if they refuse to eat the salt cod. This is said to be the mode employed by Weyler in Barcelon and it is said it never falls to produce the

# KILLING OFF THE TRAMPS.

Employes of a Connecticut Road Make It a Practice to Murder Those Found on Trains.

New Haven, Conn., Oct. 6.-The police of this city believe that brakemen of the Consolidated railroad have been ruthlessly murdering tramps caught stealing rides or cars of that line. It is asserted that ten bodies, all mangled by being run over by trains, have been found on the tracks of the Consolidated within the last six months. The dispatch states that a man named Moloney, from Brooklyn, was shot twice and thrown from a train by the train hands, but survived his injuries and has given information to the authorities which led to the arrest of a brakema named Bean. The latter, according to the story, confessed to the superintendent of of New Haven that the trainme made it a practice to kill tramps found on

# WOMAN FOUND MURDERED.

Mrs. Zemin L. Axe, of Omaha, Killed

in Council Bluffs, Ia. Council Bluffs, Ia., Oct. 6.-Mrs. Zemin L Axe, of Omaha, was found dead at an early hour this morning in the street. She had peen shot in the head four or five times. Any one of the wounds would have proven fatal instantly. A careful search was made where the body was found, but no clue could be discovered. There were no trace of a struggle. The woman was about 50 years of age. It is believed she was murdered to prevent her from telling something damaging to the murderer.

# An Importunate Creditor.

Abbeville, S. C., Oct. 6.-Willedge Malone boy 14 years old, went with a shotgun to colored woman, Mattie Hellman, who owed him 25 cents, and told her he would owed him 25 cents, and told her he would shoot her if she did not pay him. She replied that she had no money, and he would have to shoot. Thereupon he lev-eled the gun and emptied both barrels into

Charged With Infanticide. Guthrie, O. T., Oct. 6.-(Special.) Several months ago the body of an unknown infant against the city in a damage suit.

was found in the Cottonwood river. To-day Mrs. Malalie Storber, a mulatto, living east of here in Lincoln county, was ar-rested, charged with murder, it being al-leged that the child was hers and that she killed it to get rid of taking care of it.

#### Another Skirmish at Leadville.

Leadville, Col., Oct. 6.-A report reaches military headquarters about noon to-day of a skirmish last night at the Resurrection mine between soldiers and strikers. Eight armed men approached close to the mine and opened fire on the guards. Both the soldiers and their assailants sought shel-ter behind rocks and kept up the shooting about twenty minutes. Whether any one was killed or wounded is not known. All is quiet to-day.

### Rawhide Effectively Applied.

Liberty, Mo., Oct. 6.—(Special.) An un-known man has been camping on the Kan-sas City road, near Liberty, for several days. During the day he kept his tent closed. His actions were so suspicious that closed. His actions were so suspicious that an investigation was deemed necessary, and when the "boys" visited him they found he had two negro women in his tent. A very liberal application of rawhide peruaded him to move on.

#### For Passing Worthless Cheeks.

Sedalia, Mo., Oct. 6.—(Special.) J. E. Perry, with a couple of aliases, who has Perry, with a couple of aliases, who has been swindling farmers in this vicinity by giving worthless checks in payment for mules, was arrested here this afternoon and held to the criminal court for forgery. Perry was married to a Pettis county young woman only a month ago. He re-fuses to make any explanation regarding the fraudulent transactions.

#### Restored to Citizenship.

Topeka, Kas., Oct. 6.-(Special.) Govern-Topeka, Kas., Oct. 6.—(Special.) Governor Morrill to-day issued pardons restoring the rights of citizenship to these penitentiary convicts, whose terms in prison expire as follows: C. L. Shadley, November 4; Edwin Daws, November 11; Henry Snips, November 12; William Vitorec, November 14; James H. Tefft. November 15; Oscar Wade, November 2; Albert Jackson, November 21; William Jefferson, November 23.

#### Was Fired by a Student.

Antiers, I. T., Oct. 6.—Superintendent Jet-ter has succeeded in getting all the bones and ashes of the four Choctaw boys whe were burned in the flames of Spencer academy Saturday night, and has buried them. It has been ascertained that one of the students set the building on fire, so that they could go home. The accused youth is a halfbreed Choctaw, about 19 years old.

#### Diamond Thief Arrested.

Fargo, N. D., Oct. 6.—United States Mar-shal Cronan has arrested W. R. Smith, warted by the Chicago authorities on the charge of larceny. It is understood he is a member of the jewelry firm of Smith, Pratt & Co., of Chicago. He disappeared from that city several months ago with several thousand dollars' worth of dia-

No Trouble at Tuskahoma. South McAlester, I. T., Oct. 6.—There was no Choctaw trouble at Tuskahoma to-day and none is expected new.

# POISONED BY WHITEFISH.

cores of Persons in Wisconsin in Serious Condition From Rating Unwholesome Food.

Milwaukee, Wis., Oct. 6.-Cases of polsoning from eating smoked whitefish continue to be reported, but the only deaths that have occurred thus far have taken place at Merrill, Wis., where Albert Rad-loff and a man whose name is not given succumbed to the instilled virus. Rad-loff's father and two other children of the family are very ill from eating the fish. Twenty-five cases of poisoning are reported at Merrill. Four more cases are reported here to-day. The victims are Theo-dore Supher, his wife and two children.

Following so closely after the prostra-tion of all the students in Concordia colege, in this city, and the similar affliction of over fifty people at Oshkosh, the news from Merrill is causing quite a panic among fish eaters and dealers.

Twenty additional cases are reported from Brotherton, on the east shore of Lake Winnebago, the family of George Weber consisting of himself, wife and five chilren, being in a serious condition.

Later advices from Morrin, Wis., say the number of cases of polsoning there has been swelled to seventy. One more death occurred this morning. The last victim was Gus Kreuger. Several others are in The analysis by the Milwaukee health au

thorities developed the fact that the fish partaken of at Concordia college contained he poisonous germs.

# LIGHT ENGINES COLLIDE.

Come Together on an Oregon Curve, Causing the Death of Two Men and Injuring Many.

Roseburg, Ore., Oct. 6 .- A collision oc curred between two light engines of the Southern Pacific to-day half a mile south of Green's station. The collision resulted in the death of John McGonigle, of Portland, fireman, and A. N. Toy, of Salem, brakeman. The injured were: James Porter, engineer, severely bruised and one ankle broken; George Happersett, his fire-man, both legs broken and feet crushed, rendering amputation necessary; Ben Lohr, head and face cut; Fred Wall, conductor, bruised and cut about the head and face. Engineer McCauley was also bruised.

Conductor Wall, of the south bound Overand, left his tickets and papers at the station here. He discovered his loss tracked at Dillard's and started back with a light engine. Meanwhile, the papers were discovered by the station agent here and the train dispatcher ordered out a light engine to overtake the Overland at reek, keeping a lookout for No. 16 and sec-ion men. The day was densely foggy and the south bound engineer did not north bound, which rounded a curve, col-

#### A LINWOOD WRECK CASE. Kansas Supreme Court Refuses to Dismiss an Appeal and the

Case Will Be Tried. Topeka, Kas., Oct. 6.-(Special.) One of the Linwood wreck cases was up before the supreme court to-day. It was the suit of Mary Johnson against the Union Pacific and Rock Island roads. Mrs. Johnson obtained judgment against these roads of her husband. Each company lays the liability on the other and each filed a separate petition in the supreme court ap-pealing from the decision of the lower

Mrs. Johnson's attorneys filed a motion to dismiss the proceedings pending in the supreme court, claiming that the questions involved were settled in the Grov in which both were held jointly liable. The motion was submitted and overruled by the court. The case will now be tried on its

# California Forest Fires.

San Francisco, Oct., 6.-The forest fires about Pasadena are growing. The Echo Mountain hotel and Mount Lowe railroad houses are surrounded and are in extreme danger of being burned. The Lowe observatory is as yet safe, but may not live through the fires, which are almost beyond control.

Gets \$1,260 for a Broken Ankle. Guthrie, O. T., Oct. 6.-(Special.) Mrs. Cynthia E. Swan, who fell on a broken sidewalk several years ago and dislocated her ankle, to-day secured a verdict of \$1,269

BEGIN THE KANSAS MIDDLE OF THE ROAD CAMPAIGN.

## AT LAWRENCE LAST NIGHT.

J. F. WILLITS AND PAUL VANDER-VOORT THE SPEAKERS.

The Sell-out Crowd in Kansas Come In for a Vigorous Blistering-Popocrats Do Their Best to Make the Meeting a Finnle.

Lawrence, Kas., Oct. 6 .- (Special.) The middle-of-the-road Populist state campaign was formally opened by a good-sized meeting at the skating rink in this city this evening. The speakers of the evening were "Governor" J. F. Willits, chairman of the middle-of-the-road state committee, and General Paul Vandervoort, of Omaha, past grand commander of the National G. A. R., and now president of the National Reform Press Association. The Popocrats of Douglas county did all in their power to make the meeting a fizzle. They even went so far as to order all their forces not in sympathy with the movement to remain away from the meeting. It was first intended by the fusion pie-hunters to go in and take charge of the meeting and prevent the middle-ofthe-road orators from speaking, but upon second consideration this was thought to be even too flagrant a trick for a set of Populists to indulge in, so the "stay away" order was issued. Despite this, about 300 people-mostly Populists-assembled to listen to the addresses.

General Vandervoort in his speech peeled the hide off the Populist end of the sellout crowd and declared that before this campaign was over he would expose the conspirators who betrayed Watson for a mess of pottage.

The meeting was called to order by J. F. Willits, He started out by giving a history in brief of his Populistic career. He said he was among the first to organize the Populist party and from the day he started into the movement until the present he had never deviated from his principles and was still a straight middle-of-the-road Populist. He said the Populist party was neither Democratic nor Republican-it was a people's movement. But a clique got hold of the party machinery and its members are now trading off their very souls to get office. He spoke of the pledge made to four Populist state conventions by the Breidenthal outfit at the Abilene convention by telegraph that Kansas would nominate Watson electors, and then wound up by nominating a set of straight Demo-

cratic electors.
"They surrendered their rights and honor," said he. "After it was over some of us didn't feel satisfied with the results. and took steps to nominate a straight Pop-ulist electoral ticket. We were then denounced as traitors. Now who are the traitors? We want to support the Popu-list national ticket and be consistent. The other crowd are the traitors, because they have boilted their national ticket. We do not propose to surrender our principles to the little handful of Democratic renegades, matter how much we are criticised by

the Demo-Populist crowd. General Paul Vandervoort, of Omaha, was then introduced and for an hour he commanded close attention. Among other things, he said: "After voting for Watson at the St. Louis convention, the Populists of Kansas came straight home and bolted the national convention by putting up a straight Democratic ticket. At St. Louis, Breidenthal told me that he would see that Kansas would be in line for Watson, and, to my great surprise, when the Kansas convention, controlled by Breidenthal, was held, a straight Democratic electoral ticket was placed in the field. Now, these mavericks in Kansas, who now have no brand, are branding me as a traitor because I am supporting that gallant Populist leader, Tom Watson, instead of that Dem go him, how can an honest Kansas Populist go him? The charge was even made at St Louis that those in favor of a straight Populist ticket were the tools of Hanna. Now, my frends, I took particular notice at St. Louis and discovered that the delegates in favor of a straight ticket put up at the cheap hotels, while those who were accusing us of being traitors put up at the highest priced houses in th They were there representing the ballot box stuffing outfit of the South and the pie hunting crowd of the West. They wanted to crowd that man Sewall, that miserly rallroad plutocrat, down our throats, but did not succeed. However, Mr. Breidenthal and his friends came home and swallowed the dose. Now they are sending out libelous matter about me and all I have

to say is that before I leave Kansas they may hear something drop.
"It is a dirty, cowardly trick, almost too low for a political assassin to resort to, to accuse a man who has been a consistent Populist and now supporting Watson, of being a Hannacrat. They ask us to side-track Watson and allow ourselves to be swallowed by the Democratic party. Well, the stomach of that party is so putrid that we knew we could not stay there, and so we declined to be swallowed. "We can't expect any relief whatever

from the Democrats if they ever do gain control. Whoever heard of their doing anything except to close the factories? How could a party managed by Ballot Box Stuffer Jones and Tammany Hall carry out any reforms? The plan is to destroy the Populist party in the South and absorb it in the West. I propose to do what I can to save it. Some of the party's betrayers live in Kansas, and before this campaign is over they will probably be shown up in their true light. The Democrats are makthat is the money question. If Bryan is elected, he will no doubt do whatever he can to bring about free silver legislation But he will find intense opposition among the Democratic congressmen in his under taking. That is the history of the Demo ful at the polls the very first thing the do in congress is to vote in direct oppos

"I have no desire to help the Republican party, as I do not consider it any better than the Democratic. All I want to do it to save the Populist party from ruin. Our candidate for vice president has been loyal to the Populist cause. He has had to take his life in his own hands many times during his struggle for our principles, and we should not desert him now. When I was elected president of the National Reform Press Association, it was with the distinct understanding that the reform paper would insist on a straight Populist nation al ticket, and I was proud to see so many of them hoist the Bryan and Watson elect

ors.
"Sewall is an incubus around the neck of Bryan. He can't make him one vote where Watson would make him 1,000. "I expect to have to face all kinds o charges during my visits in Kansas. I see that they already accuse me of being a po-litical villain in a circular sent down from he Nebraska pie-hunting crowd. I had occasion to answer some charges made by that same Nebraska gang at Lincoln the other night, and not one of the scoun-dreis had the nerve to attend the meeting although I sent them a special invitat

THE GOLDEN KEY.

Presented With the Freedom of the City to King Ki Ki and Kween Karnstie

# me, the stronger I will work for the prin-

me, the stronger I will work for the principles in which I believe.

"In closing, I just want to say that a man cannot be a traitor to his party and his principles if he stands up firmly for them. I do charge that the crowd (meaning the Breidenthal ring) supporting Bryan and Sewall are traitors to their party and its candidates, and should not be considered Populists."

General Vandarycout will continue to the General Vandervoort will continue in the campaign in this state for the next ten days and possibly he may stay and make the tour with Tom Watson. To-morrow he speaks at Junction City and Thursday at Clay Center.

### Calderhead in Dickinson.

Abilene, Kas., Oct. 6.—(Special.) Congressman W. A. Calderhead is spending this week in this county and is holding good sized meetings. He addressed a large audience at Bonaccord last night and at Industry this evening. He expresses him-self as well pleased with the outlook. It is probable that there will be no joint de bates in this county.

### Ingalis at Junction City.

Junction City, Kas., Oct. 6.—(Special.) The largest crowd of the season greeted ex-Senator Ingalls this afternoon at the opera house. Many were present from ad-joining counties. Dozens of the leading Populists of the county were in. Republicans were delighted and enthused, speech was well received by all.

# WATERPROOF ENTHUSIASM.

Rais and Slush Intestere Little With the Regular Republican Demonstration at Canton. not keep the big delegations from to-day. No more enthusiastic callers have been here than those from Tonawanda,

Buffalo and Syracuse, N. Y., and Lenewee county, Mich. And through the drenching showers and mud the callers marched to the McKinley home, making the city resound with their enthusiasm, while mounted troops and large bands of music and finely drilled companies, uniformed in mackintoshes, evoked cheers from the thousands who stood sheltered in the door-

ways and under awnings while the visiors marched by. The formal receptions of the visiting del rations did not end the demonstrations oon as the city was shrouded in darkness the clubs were again on the street, Michigan, New York and Ohio uniting to form the spectacle. When the parade was well organized, it marched and countermarche past the McKinley home, and was reviewed from the little stand on the front lawn by Major and Mrs. McKinley. President Higgins, of the Indiana Republican League. and a number of friends of the McKinley family.

A special train of five coaches arrived about 3 o'clock this afternoon bearing the lumber dealers of Buffalo and Tonawanda. This was a distinguished appearing and thoroughly enthusiastic body. It was composed of business men connected with the lumber trade, and, according to the stateof the spokesman, included many ormer Democrats. The reception was hel in the Tabernacle, rain preventing a dem-in the Tabernacle, rain preventing a dem-onstration on the lawn. Millard S. Burns-made the introductory address. Shortly after 5 o'clock, a special train of

Snortly after a o'clock, a special train or five coaches arrived, bearing the Repub-lican clubs of Syracuse, N. Y. Most promi-nent in this was a handsomely uniformed and well drilled Syracuse escort, an organization effected in 1864. There were also representatives of thirteen other clubs, inluding a detachment of wheelmen. delegation was introduced by Daniel Crichton, a business man.

A few minutes after the Syracuse party arrived, a special train of ten coaches reached Canton, with a delegation named in honor of Lenewee and organized in the vicinity of Albion, Mich. They were about 90 per cent farmers. The delegation, in a pouring rain, marched to the McKieley pouring rain, marched to the McKialey home to view the lawn. They then re-turned to the tabernacle, where Henry C. Smith made the introductory address.

# CAPTURED BY GOLDITES.

iebraska Free Silver Republican State Convention Falls Into the Hands of the Enemy.

Lincoln, Neb., Oct. 6.-Pursuant to the call for a free silver Republican mass convention, issued by F. L. Rose yesterday, several hundred Republicans got into line this morning and held a convention under the call, without the presence or support of that the governor, treasurer or attorney Mr. Rose. The convention came off at Republican county headquarters. Afterward, when they "deem best." The expenses of publican county neadquarters. Afterward, from 300 to 500 marching Republicans visited the Lincoln hotel and ratified the entire national and state Republican tickets. They did likewise at the Capital and Lindell be-

fore disbanding.

The gold standard Republicans thus stole
Mr. Rose's thunder and pominated the Mr. Rose's thunder and nominated the regular ticket as heretofore filed with the regular ticket as heretofore filed with the secretary of state, while Mr. Rose, with a handful of chosen silver disciples, met somewhere and held a star chamber mass meeting, placing the following ticket in meeting, placing the following ticket in the bank. First National and Exchange banks, handful of chosen silver disciples, met somewhere and held a star chamber mass meeting, placing the following ticket in nomination: For governor, Robert Arm-strong, of York, a farmer; lieutenant governor, C. A. Peters, of Lincoln; secretary of state, T.S. Perry; auditor, James R. Harris; treasurer, Samuel A. Bryant; attorney general, J. M. Leida; superintendent of public instruction, J. L. McMinn; commissioner of public lands and buildings, James D. Pattison, and presidential electors.

This certificate of nomination is signed by F. L. Rose, chairman, and R. A. Williams, secretary. The gold standard convention hustled itself around and filed its

surities Suddenly Reeded Investigation at the Height of the Campaign, and Stephens Responded to the Call of Duty.

St. Louis, Mo., Oct. 6 .- (Special.) There can now be no question that Lon Vest Stephens, candidate for governor, who returned yesterday, was sent out of the state by the state central committee as that orranization had come to the conclusion that every time the present state treasurer took the stump it meant a loss of many votes to the entire state ticket. This has been especially so in places where R. E. Lewis had made addresses

The committee had its adopted course in contemplation for some time before it act-Canton, O., Oct. 6.—Rain and slush did ed, but matters were brought to a crisis speech at Waverly, Mo., September 17.

When it was learned that the gubernator ial aspirant had actually left the state, Chairman Cook and his associates almost fell over themselves giving out reasons for his departure, at this important time of the campaign.

Mr. Cook stated that Mr. Stephens was compelled to go to New York to "investigate" the securities put up by state repositories and held in trust by the National Bank of Commerce, of New York. This,

he said, was provided for by law. Unfortunately for this patriotic story, another committeeman, when asked about the matter, hesitated a moment and then said that Mr. Stephens had gone to New York to have a celebrated specialist examine his eyes. This was afterwards printed in Mr. Stephens' morning organ in Kansas City, under a Jefferson City date line. Mr. Stephens has made Jefferson City his home for a number of years-ever since he has been in office-and this version of his absence was thought by many the hest as the "examination of securities" would not stand analysis. For be it known that these securities do not demand, just now, at

least, any investigation.

Here are a few points upon the law centrolling the state deposits:

These deposits are given to the banks bidding the highest rate of interest. For each dollar deposited, the bank chosen must deposit an equal security in United States bonds, bonds of the state of Missouri, St. Louis and Kansas City bonds or funded bonds of any county in the state whose value is at least at par. These securities are then sent to New York to be held by a bank as trustee. This bank has been, as far back as the oldest inhabitant can remember, the National Bank of Commerce, an institution ranking alongside the Chemical National for stability. It has \$5,000,000 capital, \$3,000,000 supplus and averages \$20,000,000 on deposit. Now Mr. erages \$20,000,000 on deposit. Now Mr. Stephens, as state treasurer, has the institution's certificate that the securities are in its possession, and naturally it is responsible for them. As the total state deposit is scarcely \$150,000, or, compara-tively speaking, almost nothing, it would strike the average person that the Na-tional Bank of Commerce certificate for this amount would be considered good. So everybody is asking why should the state treasurer and candidate for governor take this time to go to New York to ascertain if the securities are still within

the walls of the National Bank of Com-The members of thestate committee when twitted about the flight, insist the state law requires the examination should take place. Now the law upon the matter is simply when they "deem best." The expenses of the trip of any or all of these officials are to be paid by the repositories. Consequent-ly Mr. Stephens decided, or rather the state committee decided for him, that this

was the time "deemed best" to go away, especially as all his expenses were paid by the banks. of Jefferson City; Callaway Savings bank, of Fulton, and Central National bank, of Boonville, of which Mr. Stephens is pres-ident.

As has been stated, the National Bank of Commerce, of New York, has been the trustee for caring for the state securities put up by the different repositories for years. In fact, each bank having state money on deposit has in its contract, with the state treasurer, a clause designating this time honored institution as trustee. This time nonored institution as trustee.

This is all very well for the present, but in
the future, through the present state treasurer's and candidate for governor's efforts
the American Exchange National bank, of
New York, which is said to be the Eastern
